ENVIRONMENTAL ASSESSMENT WORKSHOP

Black Creek Pioneer Village, July 18

This workshop covers all varieties of Environmental Assessments (EAs) for transportation projects including provincial, municipal and conservation authority EAs. The various aspects of these assessments including the interrelationship between them and criteria that triggers them will also be explored.

To view the full Workshop program and to register visit: www.otc.org/events

OTM BOOK 7 TRAINING (Freeway)

Mississauga, July 12

This 1 day course is for installers (workers) and supervisors who will be responsible for working on **FREWAYS** only. This course will benefit employers, provincial and municipal road authorities, contractors, engineers, designers, contract administrators, utilities, supervisors, workers, and inspectors.

Attendees who successfully complete this course will receive a letter and certificate of completion.

For details and registration visit: www.otc.org/events

NEW MOBILITY WORKSHOP

Toronto, September 14

This advanced full-day workshop offers participants the chance to get a big-picture understanding of the extraordinary changes that are coming to passenger transportation, as well as craft specific strategies for how their communities/clients can prepare. The information and exercises in this workshop are designed to arm participants with current, relevant knowledge and provide actionable ideas on how communities can benefit from the shift to New Mobility starting today.
