

The Ontario Traffic Council Presents Its Annual

# 2019 Traffic Training Courses

April 8-18, 2019 at the Ontario Police College

---

## THE COURSES

Since 1954 the Ontario Traffic Council (OTC) has conducted Traffic Training Courses for traffic enforcement and traffic engineering staff. The two courses, Police Traffic Officers Course and Technical Traffic Operations Course, are run concurrently and are designed to encourage interaction and cooperation between technical and enforcement personnel. Joint classes and projects will be carried out in areas of mutual interest. The residential nature of the courses allows participants to get to know each other in a more social atmosphere as well.

---

## WHO SHOULD ATTEND

Front line Traffic Supervisors, Training Officers and Specialized Officers involved in traffic related duties. Traffic Engineering Technicians, Technologists or Engineers engaged in traffic studies and/or traffic operations functions.

---

## COURSE OUTCOMES

The Police Traffic Officers Course will focus on updating officers on impaired driving, Highway Traffic Act laws and the Collision Manual. This newly designed course is intended to meet the needs of a front line Traffic Officers who are actively involved in operational traffic related duties.

The Technical Traffic Operations Course will focus on providing participants with a basic overview of all aspects of traffic engineering including an understanding of the various types of traffic control devices and how to use them. At the end of the course, the individual should be able to review a traffic problem and determine possible approaches to solve the problem.

---

## THE ONTARIO POLICE COLLEGE

The venue for the Traffic Training Courses is the Ontario Police College (OPC) in Aylmer, Ontario. These are residential courses and all participants are required to reside at the OPC weekdays during the course. Meals will be provided from Monday breakfast until Friday lunch for both weeks of the course. Persons with special food requirements should contact a member of the kitchen staff when in line attending the first meal. Each participant will be assigned a single occupancy room on the Sunday of the beginning of the course and will keep the room until the course ends. Up to ten people share washroom facilities. Participants must bring their own toiletries and towels. The OPC supplies bedding. Although pillows are provided, participants may find their own more comfortable. While there are a limited number of computers, access to a personal laptop computer may be beneficial. Free Wi-Fi is provided. Participants should bring pens, pencils, eraser, ruler, memory stick and a calculator.

In addition to classroom and residential areas, the OPC has physical and weight training facilities, a large pool and licensed lounges available for recreation outside of classroom hours. Appropriate medical facilities are also available.

The OPC is located a few kilometres northeast of the Town of Aylmer. From Highway 401 take County Road 73 south (Exit 203 – Elgin Road). Go south about 20 km to Ron McNeil Line (County Road 52). Take Ron McNeil Line east about 1 km to Hacienda Road (County Road 32). Take Hacienda Road south about 2 km to the OPC.

---

## LECTURE SESSIONS and DRESS CODE

Generally, lectures are daily, Monday to Friday, 8:30 a.m. to 4:30 p.m. Also, regular evening sessions will be held. The lecture medium is English. The course will include written examinations and group projects. Classes will commence Monday, April 8 at 8:30 a.m. sharp. The Police course runs until Thursday, April 11 and the Technical course runs until Thursday, April 18, 2018.

The OPC has a dress code, which applies to all participants. During class hours Police Officers must wear their police uniform. Non-police personnel must wear "business attire". Outside of class hours casual dress is allowed but should be clean and presentable. OPC rules are available on the OTC web site at [www.otc.org](http://www.otc.org)

---

## TRANSPORTATION and REGISTRATION

Free parking is available at the OPC. Participants should make their own arrangements for transportation to the OPC. Registration is at the OPC on Sunday, April 7 at 8:00 p.m. A tour of the OPC facilities will be conducted for anyone wishing an orientation, starting at 9:00 p.m. on Sunday, April 7.

---

## FEES

The Police Traffic Officers Course, although a joint presentation with the OTC, is an approved 3-day course of the OPC. As such, members of Ontario Police Services are eligible for reduced fees as shown below. Course fees include specially prepared course materials, all meals and accommodation for the course duration.

Police Traffic Officers Course - \$733.00 plus HST  
Technical Traffic Operations Course - \$1900.00 plus HST

Please register early as class size is limited. We ask that registrations are submitted to the OTC by **March 1, 2019**.

---

## APPLICATION PROCEDURES

Police Traffic Officers Course: Please contact the OPC registration office at 519-773-5361.

Technical Traffic Operations Course: Complete the application form and return along with a cheque for your course fees to the OTC.

---

## COURSE TIMETABLE

A course timetable can be found at [www.otc.org/events](http://www.otc.org/events). The course outline shows the planned schedule at the current time. Both lecture topics and lecturers are subject to change due to lecturer availability.

For more information of the **Police Traffic Officers Course** contact Jeff Hyttenrauch by email at [jeff.hyttenrauch@ontario.ca](mailto:jeff.hyttenrauch@ontario.ca) or OTC Executive Director, Geoff Wilkinson by phone at 647-346-4050 or email at [geoff@otc.org](mailto:geoff@otc.org).

For more information on the **Technical Traffic Operations Course** contact Geoff Wilkinson.

---

## ONTARIO TRAFFIC COUNCIL (OTC)

The Traffic Training Courses are organized and operated by the OTC. The OTC is an association founded in 1950 whose aim is to improve traffic safety and traffic operations primarily in the Province of Ontario through engineering, enforcement and education. The OTC sponsors an annual conference and a number of seminars and workshops throughout the year in order to provide specific educational opportunities for enforcement and engineering staff. Further information on the OTC can be found at [www.otc.org](http://www.otc.org). The volunteer committee as identified below organizes and runs the courses.
