TECHNICAL TRAFFIC OPERATIONS COURSE

Aylmer, April 8-18

This course will focus on providing participants with a basic overview of all aspects of traffic engineering including an understanding of the various types of traffic control devices and how to use them. This course will provide attendees with the ability to review a traffic problem and determine possible approaches to solve it.

For information visit: www.otc.org/events

OTM BOOK 7 TRAINING

Mississauga, March 21

This 1 day course is for installers (workers) and supervisors who will be responsible for working on **FREEWAYS** only. This course will benefit employers, provincial and municipal road authorities, contractors, engineers, designers, contract administrators, utilities, supervisors, workers, and inspectors.

Attendees who successfully complete this course will receive a letter and certificate of completion.

Details and registration at: otc.org/events

OTC ANNUAL CONFERENCE

London, May 5-7, 2019

Save the date for the OTC's Annual Conference & Supplier Showcase. The 2019 Conference will be held at the Delta London Armouries from May 5-7. This program brings together OTC members from across the province to provide a forum for us to network, learn, share ideas and see the latest in transportation technology.

Details will be coming soon to: otc.org/events
