

CITIZENS FIRST THROUGH SERVICE EXCELLENCE

*We have an exciting **Full Time Non-Unionized** opportunity in the **Infrastructure Planning & Corporate Asset Management Department** for an experienced and motivated individual*

**Active Transportation Specialist
(JOB # J0819-0881)**

As one of Southern Ontario's fastest growing cities, with its mix of urban and rural areas, Vaughan is an in-demand place to live and work. Vaughan is considered one of Canada's most family friendly cities with a dynamic and diverse population of over 300,000. With one of the top performing economies, a growing tourism industry and an enviable portfolio of recreational and cultural venues, this is the place where you want to be.

Responsible for the implementation of the City's active transportation systems in accordance with on-going Transportation Master Plan and Pedestrian and Bicycle Master Plan updates and requirements. Supports the Active and Sustainable Transportation Project Manager and collaborates with the Transportation Planning Team on the City led and third party projects. Provides technical expertise to transportation planning and engineering initiatives, with specific focus on implementation of the pedestrian and bicycle networks. Develops and implements active transportation programs.

Qualifications and experience:

- Successful completion of a three (3) year Community College Diploma in Engineering (Civil, Transportation) or Planning (Urban Planning) or related field of study or suitable equivalent.
- Minimum of five (5) years (inclusive of the Engineering Intern Training) of demonstrated experience in transportation engineering and planning with at least three (3) years proven, progressive and more responsible active transportation engineering design, planning and project collaboration experience in municipal services / linear infrastructure, preferably in a municipal / unionized environment.
- Excellent knowledge of transportation engineering industry standards, trends, emerging issues and applicable legislative requirements.
- Proficiency with specialized computer software applications and techniques for design and analysis work in the field of municipal engineering.
- Exceptional interpersonal, organizational, and analytical skills; excellent oral and written communication skills on technical and non-technical matters. Ability to deal courteously and effectively with the public, staff, members of Council, consultants, and the development industry.
- Knowledge of the Environmental Assessment Act, the Planning Act and other related government, labour, employment and human rights legislation.
- Knowledge and understanding of transportation and urban planning principles and the interrelationship between transportation and land use.
- Experience in researching and in the preparation of policy documents / guidelines, and technical reports as they relate to active transportation functions.
- Capable of setting key project milestones, including the determination of appropriate deliverables. Ability to self-manage in a timely and organized fashion.
- Ability to identify issues, challenges, and opportunities and propose solutions.
- Demonstrated ability to work independently and collaboratively in a team environment.
- Valid Ontario Class 'G' driver's license in good standing and reliable vehicle to utilize on corporate business.
- Knowledge of, and demonstrated ability in the City's core and relevant functional competencies

In addition to offering a competitive compensation package, we have a strong focus on health and wellness, including fitness facilities and family-focused benefits.
