

The Corporation of the City Of Brantford Operational Services

requires

Manager of Traffic and Parking Services

Job ID# 1028

Reporting to the Director of Operational Services, the Manager of Traffic Services and Parking provides senior leadership to a highly skilled team of staff, in a multi-functional work group that provides a wide range of services to the public, internal clients, and external customers. Services include; traffic operations, traffic systems management, street light maintenance, parking operations, parking enforcement, traffic and parking by-law review and enforcement, road safety initiatives, and capital project management.

The Manager is accountable for; achieving program goals through the effective and efficient utilization of staff resources and financial tracking systems; developing and delivering quality services in a timely and cost effective manner; providing program delivery with a strong focus on customer service and continuous improvement; implementation of best management practices to improve quality and efficiency; and, maintaining and forecasting budget adjustments for a growing network.

QUALIFICATIONS

- Post-secondary education in Civil Engineering, Transportation Engineering, or an equivalent combination of education and experience
- Proven experience and knowledge in transportation system management, traffic and parking by-laws, and parking operations, and the application of engineering theories and best management practices
- Certified Engineering Technologist (C.E.T.) with related progressive management experience. Designation as a P. Eng. with the Professional Engineers of Ontario would be considered an asset
- Certification as Professional Traffic Operations Engineer (PTOE) and/or Road Safety Professional (RSP) would be an asset
- Considerable management experience with an emphasis on continuous improvement and development of team members to promote and support a high performing team
- Excellent analytical and problem solving skills, as well as oral and written communication skills
- Considerable experience in a project management leadership role delivering projects, activities and assignments from inception through to implementation with minimal direction while balancing political, community and stakeholder interests
- Proven experience in managing large service and construction contracts and projects, including reviewing, approving and implementing work plans and project budgets
- Highly effective leadership, facilitation, communication, presentation, interpersonal, and organizational skills
- Extensive knowledge of the Ontario Highway Traffic Act, the Ontario Traffic Manual, the Occupational Health and Safety Act, and all road safety related legislation
- Working knowledge of Microsoft Office software applications, GPS/AVL systems, mobile applications, and work order systems
- Valid Ontario G class driver's licence and have access to a personal vehicle

WAGE RANGE: \$51.15 to \$63.94 per hour (based on 35 hour a week) plus benefits
