

Maged Elmadhoon and Michelle Morris from the City of London accept the 2019 Planning Project of the Year Award at the OTC May Conference.

The 2019 Transportation Project of the Year Award went to Maged Elmadhoon and Michelle Morris from the City of London.

The London Complete Streets Design Manual (CSDM), was approved by City Council in August 2018 after a collaborative process spanning numerous City departments. It is a transformative tool that will guide the way streets are designed in London for years to come. It serves as a valuable resource for integrating the various functions of the city's streets and has been written for all practitioners, advocates, and citizens involved in the street design process.

The full design manual can be found at www.london.ca/residents/Roads-Transportation/Transportation-Planning/Documents/CSDM%20-%2020181203%20-%20AODA%20Final.pdf .
