

The County of Essex is Canada's southernmost county. We are nestled between Lakes St. Clair, Erie and the Detroit River. Easy access to major international metropolitan centres in both the United States and Canada provides the best of urban and rural living. The Corporation of the County of Essex provides services in the areas of Engineering, Road Maintenance, Emergency Medical Services, Planning, Emergency Management Services and Long Term Care.

The County of Essex is currently recruiting for the following position:

### **Active Transportation Coordinator**

Reporting to the Manager, Transportation Planning, this position fulfills a facilitation/coordination role for active transportation initiatives. The focus of this position will be across five major categories: Engineering, Education, Encouragement, Enforcement and Evaluation and Planning.
